They serve at the discretion of the President.
2. Academic Officers under this policy are: The University Provost, Associate Provost, Deans of Academic Colleges/Schools, Associate Deans, Department Chairs, and Associate Department Chairs.

4. Academic officers are formally evaluated every three years using objective measurement tools. Evaluative criteria and standardized procedures for conducting evaluations are described in this policy.
5. All formal evaluations of academic officers are administered electronically by a third party (e.g., SUU HR or IT Department) in a manner to ensure anonymity and to document that only appropriate personnel are allowed to complete the evaluation with a one-time submission. The associate provost, the provost, and the university president have access to the evaluative documents. These documents are

stored in a secure repository for three years following their completion and review.

6. In April of the years between regularly scheduled formal third year evaluations, all eligible faculty and staff will be asked to complete an anonymous, standardized survey (e.g., IDEA or similar survey instrument) of their associate department chair, department chair, associate dean, dean, associate provost and provost. These surveys will be used to provide feedback and facilitate the professional development of academic officers.

Together, they will review the feedback to identify any areas of concern and ways in which these concerns may be addressed. Feedback from these surveys is not required to be attached or otherwise appended to an academic officer's annual review from their supervisor, or to their scheduled 3rd year formal evaluation, unless the academic officer under review requests it.
